Blankenhorn, M. A.: Micrococcus pharyngitidis-siccae *498
Blindness, abrupt monocular, resulting in complete optic atrophy during encephalitis with double papillitis..... 569
from teeth, tonsil and accessory sinuses 570
of obscure nasal origin..... 250
Blood calcium in undifferentiated deafness; preliminary report *473
pressure, influence of labyrinth irritation on 455
sedimentation test, Fahreus, in otolaryngology 350
vessels, pathologic anatomic changes in, without general infection..... 322
Bone Conduction and differential test for stapes fixation 663
experimental investigations concerning importance of cranial resonance and.. 324
studies in Riverbank Laboratory on acuity of hearing for air and bone transmitted sound 686
BOOK REVIEWS:
Cavity Suturing in Otolaryngology; L. Samengo 472
Diseases of Nose, Throat and Ear; A. L. Turner 129
Facial Surgery; H. P. Pickerill..... 130

Cannulas, irrigating, universal coupling for.*421
Carlson, A. J.: Relation of endocrine glands to disorders of ear, nose and throat *1
Carotid Artery, internal, tortuosity of, in relation to pharynx..... 339
Carpenter, E. R.: Pneumoventriculography in localization of brain abscess.....*392
Catarrh, dry fetid, implantation of Stenson's duct into antrum for relief of... 670
Chaulmoogra Oil in tuberculous laryngitis. 264
Chlorin, bacteriologic study of nasopharynx in patients treated with..... *64
for respiratory diseases, further statistics on *58
Cholesterol metabolism, new investigations on 114
Chorea, classification of, in relation to causes 256
Clerf, L. H.: Laryngostasis and laryngostat *167
Peroral endoscopy, a critical review of literature *298
Cocain, topical application of..... 344
Colds, control and prevention of, through nasal development 259
Corti's organ, cilia of, and their relation to mebrana tectoria 324
Croup, grippal, local epinephrin in..... 114
Crowe, S. J.: Direct blood stream infection through tonsils *510
Treatment of chronic middle ear suppuration *267
Cycloplegia from acute ethmoiditis..... 559

Daland, J.: Bronchopneumonia and abscess secondary to tonsillectomy.....*131
Davis, C. L.: Control of pain through nasal (sphenopalatine) ganglion.....*642
Deaf mutes, education of, and sign language 456
mutism, acquired from meningo-encephalitis 555
Deafness: See also Hearing, tests for
chronic progressive, treated with galvanic current 662

Endoscopy, peroral, critical review of literature *298
Endothelioma, dural, in temporal bone..... 464
Ephedrin action on nasal mucosa..... 687
Erysipelas of respiratory tract and ear.... 113
Esophagus, asymmetry of mouth of, and retropharyngeal diverticulae..... 245
cicatricial stenosis of..... 348
cicatricial stenosis of, with new method of cure 263
cancer, radium therapy in..... 456
cancer, results of combined use of radium emanations and deep roentgen ray in *51
lye erosion of, use of bougie according to Salzer in 677
stricture, new method for making visible 346
Ethmoid cells, anterior, surgery of frontal sinus and 252
mucocele of, with proptosis of right eye.. 249
operation, intranasal, present status of... *42
surgery, comparative study of sphenoidal surgery and, with reference to eye complications 349
Ethmoiditis, acute purulent, in infant..... 249
acute, cycloplegia from 559
with iridocyclitis and neuroretinitis..... 460
Exophthalmos as complication of nasal sinusitis *415
Eye Movements, etiology and treatment of disturbances of 250
relations between, and other cranial muscles 462
